GUIDELINES FOR VISITORS

Please carefully read the following guidelines below. These guidelines are for the safety and comfort of both our visitors and our rehabilitating sea turtles. Please follow them accordingly. Thank you.

1. Feel free to use your personal camera or video recorder but please be aware splashing from the tanks is a possibility so please be careful.
2. Leave all other non-essential loose items in your car as they have the possibility to fall into the water, and please hold on to your sunglasses when viewing the turtles.
3. Children must be within arms length of a parent/guardian at all times for their own protection.
4. Running, horseplay and loud noises of any kind is prohibited. Disruption disturbs the patients as well as fellow guests.
5. Please refrain from placing hands, feet, underwater cameras or any other items in the tanks or pool. Turtles will bite and eat anything they find in the water.
6. Please do NOT touch the turtles.
7. Watch your step as you walk through the enclosure. There may be wet/slippery areas or uneven pavement.
8. Smoking, eating and/or drinking is prohibited in the turtle enclosure.
9. After your visit please wash your hands. Sea turtles are reptiles and the possibility of disease transfer does exist.

PLEASE KEEP THESE GUIDELINES IN MIND DURING YOUR VISIT AND EVERYONE CAN ENJOY THE TURTLES!
